Chapter 7

This wasn't the only post

Like I said in the previous volume, my health was in poor condition. I took about half a year off to rest. Because of that, the people around me became greatly worried. As of right now, I'm currently working on the script at a month's pace... It continues to cause problems and for that, I'm terribly sorry. I beg for your forgiveness. I was pleased with the various directives I had with the editors while I was on leave. They told me, "Don't worry about following up on just work when you come back." The Hakusensha editors are angels.

They're great people all in all. I was cheered up that nothing had changed after my leave. All the assistants who helped have wonderful skills. Because of them, I was able to get through volume 2.

And while I was on leave, thank you everyone who was worried about me! I truly thank you so much. I thank all who continued to read now that I'm back! Thank you so much!

Above all everyone who reads what I've drawn supports me. I can draw manga energetically now.

I'm unstable on my feet, but after all this, I can do it. I'll do my utmost best.

So I'll see you again in volume three. Please continue to enjoy the story. Be safe and please be happy!

Fall of 2004, Takao Sogima

Hello! I'm Takan
Shigen. It's
volume two. I'm
so happy. I'm glad
I got it out. I
volume two is a
drama. a little bit
of a love triangle!
I wonder if
that's possible...
I haven't found a
love complex yet!
It's more likely
you'll see the signs
of a love complex
a bit more in
volume three. The
signs. ? what a
strange thing
